Work Experience

2020.10.1-2021.8.31 Design department | painter Nanjing hemutang decoration & design co., ltd**Primary Duties and Achievements:**

- I was responsible for creating decorative paintings, fulfilling project demands through sketching, coloring, and rapid drawings, as well as relevant illustrations, ensuring the high quality and timely completion of the works.
- I proficiently utilized a hand-drawn tablet for illustration creation, regularly completing hand-drawn decorative illustrations and scenes, demonstrating strong color matching and utilization skills.
- I participated in the design work of multiple significant projects, such as the decoration of the Luklily Spa and the design of the Shanghai Kane office space. Based on the project themes, I provided creative design suggestions to ensure the harmonious integration of the decorative paintings with the overall design style.

Campus experience

Teesside Chinese Student Union Experience

- As an active member of the Teesside Student Union, I gained valuable insights into the dynamics of student life and the organization of various events. This experience honed my skills in team collaboration, event planning, and public speaking, all crucial aspects in the game design industry where teamwork and communication are paramount.

Chinese Cultural Society Involvement

- My participation in the Chinese Cultural Society provided me with an opportunity to promote and share Chinese culture with a diverse audience. This experience not only enhanced my intercultural communication skills but also inspired me to incorporate cultural diversity into my game design concepts.

➤ **Leadership Role in Otaku Dance Club**

- As the president of the Otaku Dance Club, I led a team of enthusiasts in organizing dance events, workshops, and performances. This role required strong leadership, organizational skills, and the ability to motivate and coordinate a diverse group of individuals. These skills are transferable to game design, where leading a team and managing projects are essential.

Campus Competition Experience

➤ **Game Jam 2022 - Gameplay Designer**

- As Gameplay Designer, I crafted engaging game mechanics, honing my skills in player engagement and game design principles.

➤ **Game Jam 2023 - Multi-Role Contributor**

- I took on multiple roles in this event: Leader, Gameplay Designer, UI Designer, and Game Developer. As Leader, I coordinated team efforts; as Gameplay Designer, I innovated gameplay; as UI Designer, I created intuitive interfaces; and as Game Developer, I contributed to technical implementation.

➤ **2024 Global Game Jam - Game Artist & UI Designer**

- I excelled as a Game Artist, creating visually appealing assets, and as UI Designer, designed functional and visually appealing interfaces.

➤ **The Portal Hero Project - Game Designer & Project Manager**

- As Game Designer and Project Manager, I conceptualized game mechanics, storyline, and design, managing the project timeline, resources, and team to meet deadlines and targets.
